PROFILE

- Motivated computer science student with a strong passion for software development, AI, and problem-solving.
- Experienced in **C++**, **C**, **Python**, **Unix**, and **object-oriented programming**, with coursework in algorithms, computer organization, and discrete mathematics.
- Seeking an internship or entry-level software role to apply programming skills to real-world projects and contribute to collaborative development teams.

EDUCATION

- Sonoma State University** Rohnert Park, CA
B.S. in Computer Science (In Progress) Aug 2024 – Present
- Completed coursework in Object-Oriented Programming, Algorithm Design, Computer Organization, Discrete Mathematics, Unix Operating System, Python, and C++.
 - Developed proficiency in Python and C++ for data structures, algorithms, and problem-solving.
 - Applied algorithm design concepts in practical programming assignments and projects.
 - Built a strong understanding of object-oriented design principles and CPU/hardware fundamentals.
- Santa Rosa Junior College** Santa Rosa, CA
Preparation for Computer Science (Transfer Coursework) Jan 2023 – Jun 2024
- Completed foundational CS coursework including Object-Oriented Programming, Algorithm Design, Discrete Mathematics, Unix Operating System, and Python.
 - Strengthened logical reasoning and software design skills through lab work and assignments.

EXPERIENCE

- AI/ML Software Engineering Intern** On-site / Santa Rosa, CA
Keysight Technologies – Customer Solutions Group (CSG), Enterprise & Service Providers Summer 2026
- Applied **AI/ML and software engineering** techniques to real-world telecommunications and network data challenges within Keysight’s Customer Solutions Group.
 - Developed and evaluated software solutions for analyzing complex network data, gaining experience with industry-scale telecommunications applications.
 - Collaborated with engineers and technical mentors to refine project requirements, troubleshoot challenges, and improve solution quality.
 - Presented project outcomes at **Keysight’s Intern Poster Presentation**, communicating technical work and results to engineers, interns, and cross-functional teams.
- AI Scholar** Remote / Philadelphia, PA
STARS AI Scholars, STARS Computing Core Oct 2025 – April 2026
- Attend regular webinars on AI to stay current with core concepts, tools, and best practices.
 - Develop skills in conducting **K–12 AI outreach**, effectively communicating AI topics to students and educators.
 - Explore ethical and practical applications of AI, including responsible and inclusive AI education.
 - Create K–12 AI curricular resources and support the design of outreach events that inspire the next generation of AI learners.
- Software Developer Intern** Fremont, CA
Tech Mahindra (Americas) Inc. Jun 2025 – Aug 2025
- Reviewed and analyzed existing **Python-based scripts** used for cellular RF testing and measurement workflows.
 - Conducted device testing and analyzed test results to verify performance requirements for major carriers, including AT&T, Verizon, and T-Mobile.
 - Gained hands-on experience with RF measurement workflows and Python automation supporting device testing for manufacturers such as Apple, Samsung, and Google.

ASES Program Aide

YMCA

Rohnert Park, CA

Nov 2024 – Present

- Provide academic support and enrichment activities for elementary school students in the ASES after-school program.
- Facilitate homework help sessions and organize educational and enrichment opportunities.
- Promote an inclusive environment and demonstrate commitment to diversity, equity, and inclusion.

Private Math Tutor

Self-Employed

California, USA

May 2023 – October 2025

- Tutor students in algebra, calculus, and foundational math, leading to improved grades and increased confidence.
- Teach mathematical concepts, computations, and problem-solving strategies tailored to individual learning needs.
- Develop study habits and learning routines that help students prepare effectively for quizzes and exams.

Customer Service Representative

Pittsburgh Wholesale Tires

CA, USA

Jun 2022 – Nov 2024

- Responded to customer inquiries via phone and provided clear, accurate information.
- Performed data entry to maintain accurate customer and order records.
- Assisted in coordinating tire orders and logistics to ensure timely and satisfactory service.

PUBLICATIONS

- **Enhancing Medical AI Safety Through Multi-Agent Evaluation and Iterative Refinement**, Conference on Bioinformatics, Computational Biology, and Health Informatics (ACM BCB), Poster Presentation, Oct 2025.

TECHNICAL SKILLS

- **Programming Languages:** C++, C, Python, Unix shell scripting, HTML
- **Tools & Technologies:** Visual Studio Code, NetBeans, Microsoft Office, Overleaf, Unix/Linux
- **Core Strengths:** Hard-working, team player, honest, helpful, empathetic, reliable

VOLUNTEERING

Volunteer

City of Aging

CA, USA

May 2022 – Aug 2022

- Prepared meals for guests at a community shelter and assisted with kitchen operations.
- Maintained a clean and organized kitchen area to support safe and efficient meal service.

Volunteer Food Service

Father Joe's Village

San Diego, CA

May 2023

- Prepared and served food for guests and provided friendly, respectful customer service.

Serving Hot Meals

San Diego Rescue Mission

San Diego, CA

Jun 2021 – Jun 2022

- Prepared and served meals for individuals experiencing homelessness.
- Helped maintain a welcoming dining environment for guests.

Fundraiser Food Server

FACE Foundation

San Diego, CA

Jul 2022

- Served food and drinks at fundraising events and handed out informational flyers to attendees.

Volunteer

Gratiot County Free Clinic

Gratiot County, MI

Jun 2020 – Dec 2020

- Greeted patients, assisted with registration, and organized patient files.
- Answered phone calls and helped ensure efficient patient flow through the clinic.

LANGUAGES

- **English:** Full professional proficiency
- **Urdu:** Elementary proficiency
- **Hindi:** Elementary proficiency
- **Punjabi:** Limited working proficiency

INTERESTS

- Exploring new places, reading books, capturing moments through photography, painting and drawing in free time.
